Dear Mr. Taconet:

The following information is required to continue processing your petition for an exemption for Avon UAS, FAA-2021-0584. We request you provide the information to us no later than October 6, 2021.

1. On pages thirteen, fourteen, fifteen, and seventeen of your petition for exemption, you reference the following manuals in justifying an equivalent level of safety. We do not have a record of receiving any of these documents. Please provide us a copy of each document.
  - Operator's Operations / Training Manual
  - Manufacturer's Flight Manual
2. On page four of your petition, your reference that up to 5 UASs may be controlled from one ground station. Please specify that you intend to operate only one UAS per remote pilot at a time or clarify if your intention is to operate multiple UASs concurrently.
3. In order to obtain relief from § 107.36, the petitioner must establish that the hazardous material prohibition in § 107.36 applies to its operation. Therefore, please submit the name of one chemical that you intend to disperse in your operation that meets the definition of a hazardous material in 49 CFR 171.8.

Please submit the additional information (non-proprietary) as a comment to your docket at [www.regulations.gov](http://www.regulations.gov), and save the tracking number generated after submission. Proprietary information may be submitted electronically to John Drago and Sean O'Tormey at [john.l.drago@faa.gov](mailto:john.l.drago@faa.gov) and [Sean.P.O'Tormey@faa.gov](mailto:Sean.P.O'Tormey@faa.gov), respectively.

If you want us to process your request any further, we must receive the information described above by October 6, 2021. If we do not receive the information, we will close the docket without notifying you further. If you have any questions or require additional time you may email us at [john.l.drago@faa.gov](mailto:john.l.drago@faa.gov) or call 330-608-3887.

Respectfully,

**John**
